Robotics: the science of making and using robots

[Definition from: dictionary.cambridge.org]

Robotics Reading Group

It's not just changing the name! We are opening the discussion to themes like:

- Machine Learning
- Cognitive Computational Models
- Autonomy
- Multi-agent
- User Studies
- Simulation Environments
- Explainable AI
- Ethics
- General Research Topics

Applied to
Robotics

What are you doing here?

What are you doing here?

- When did you start playing with robots?
- What drives your interest towards robotics?
- What are your long term objectives?

What are you doing here?

What are you doing here?

What are your readings about? Give us some hints...

- 3 keywords
- 1 author

What would you like to know more? (to learn more)

Choose from the others:

- 5 new keywords
